

FORWORD

By LT COL D. J. F. ROWE

Most members of the Battalion have been sufficiently harangued by me throughout the year, therefore I will make this comment brief and let the articles tell the story.

It would be wrong, however, not to mention the high level and successful nature of activities throughout the year. The Battalion has met the first real ODF test, taken part in overseas duty on exchanges, practised high and low intensity operations, conducted ceremonial and social functions and effectively demonstrated a will to win in all inter unit competitions. I believe all members of the unit can take pride in their efforts and the level of achievement across the board. For my part, I never cease to be amazed at the capacity and tenacity of the unit team.

All this output has brought us to the stage where a break is timely, make sure you use it well as I suspect 1982 will keep us on our toes. In the meantime, accept my thanks for your 1981 effort and my best wishes to you and yours for an enjoyable Festive Season and a successful New Year.
