1. There have recently been two known breaches of security within 4 RAR.
2. Both breaches have reflected a carelessness on the part of the members concerned and their immediate commanders.
3. Whilst 4 RAR/Security Standing Orders are a part of Battalion Standing Orders, there can be no excuse on the part of the regimental soldier for failing to be aware of existing Security Instructions (AA 11 and AMR&O 203 (1) (x1:)).
4. The application of security measures must have a common sense approach. Irrespective of and consistent with existing orders commanders at all levels should satisfy themselves that the soldiers under their command are confident in taking the corrective action in the following situations.

 - b. receiving/holding/returning a classified document.

251. WILLS

1. Members are advised that legal officers are available to assist members in the preparation of WILLS.

2. Every member who is eligible to do so is advised either to make a valid WILL or satisfy himself that he has already made a valid WILL.

3. The advantages of having a valid WILL are:-

- a. It ensures that should the member die, his property will be distributed according to his own wishes and NOT in accordance with the set rules for distribution which apply when a person dies without a WILL.
- b. It simplifies the procedure for collecting and distributing property after death so that the persons who benefit generally receive the property sooner and sometimes with less expense to the estate.
- c. Where only a small amount of property is left, and a valid WILL exists, it is often possible to collect the assets and distribute them without the necessity and expense of a formal application to a court by merely producing the will to banks, insurance companies, etc.

4. Every member over 21 years is entitled to make a valid WILL and, in some states, there are provisions for persons under 21 to make a WILL -

- a. In some states where the member under 21 is on actual military service or has been warned for such service, he may make a valid WILL.
- b. The term "actual military service" causes some legal difficulties but it is clear that active service in VIETNAM certainly comes within the meaning of "actual military service".
- c. Where a member who is not otherwise entitled to make a WILL, has been warned for active service in VIETNAM it is desirable that the WILL should state the member's rank, name and unit and then the words "having been duly warned on (date) that I am to proceed to VIETNAM on active service hereby revoke all former WILLS and other testamentary dispositions hereto fore made by me".

5. Amendments to MBI 212-3 and AMR 1410A and 1410B are in the course of preparation.

6. Members in this force may consult (or write to) the DADLS of this headquarters concerning their WILLS. Upon their return to Australia, they can consult solicitors, the Legal Service Aid Bureau or a legal officer.

In view of present conditions in Hong Kong no further indulgence passages will be authorised to that location until further notice.

262. WEAPONS SOUVENIRS

1. Weapons bought as souvenirs, which includes daggers and knives, if carried unwrapped or worn can be regarded as showing intent to use. This may well result in a civil police charge, it being against the law in SINGAPORE to carry weapons or arms.

2. Servicemen should make sure on the purchase of such weapons that they are properly wrapped by the seller and are not unwrapped in a public place.

263. DISCIPLINE - STANDING ORDERS - CARRIAGE OF OFFENSIVE WEAPONS - OFF DUTY

1. The attention of all sub units is drawn to Malaya Area Special Routine Order 89 of 1964, Section 8, which is re-published hereunder:

"SECTION 8

CARRIAGE OF OFFENSIVE WEAPONS - OFF DUTY

1. All ranks are reminded that the carrying of offensive weapons off duty in any public place is an offence under the

RESTRICTED

.3.

Prevention of Crime Act, 1953, for which they are liable to be tried by Court Martial. The Act defines an offensive weapon as including anything made or adapted for use for causing injury to the person or intended by the person having it with him for such use by him. Knives, bicycle chains, knuckle dusters etc., all come within the definition of offensive weapons.

2. Both in MALAYA and in SINGAPORE the local civil laws also prohibit the carrying of offensive weapons, the wording of the local laws being very similar to the wording of the Prevention of Crime Act, 1953.
3. Both under the Prevention of Crime Act, 1953, and the local civil laws the onus is in general upon a person found in possession of what appears to be an offensive weapon to prove that he has the so-called weapon with him for an entirely innocent purpose.
4. This standing order will be brought to the notice of all ranks when they first join any unit in the Far East and will also be republished once each quarter in all unit orders."

(DRO 87/67)

264. WATER CONSUMPTION - TERENDAK GARRISON

1. An agreement exists with the Supply Authority for the supply of approx 1,000,000 gallons of water daily to Terendak Garrison.

209. CIVIL DEBTS

HQ AAF RO 76/67 is reproduced below:

"1. Units receiving letters from HQ AAF PARLIF regarding civil claims requiring action under AMR&O 315A should note:-

- a. AMR & O 315A(1) and (2) relates to instances where a COURT JUDGEMENT (or ORDER) has been obtained.
- b. A Court order is obtained, either
 - (1) when the parties have actually appeared in court and the court has pronounced judgment in favour of one of the parties, or
 - (2) when one party fails to lodge an appearance in the court office so that the other party is able to obtain a judgment by default.
- c. Once a court judgment has been obtained by default, it is only rarely that the court will allow the case to be re-opened and disputed in court.
- d. When such a judgment is obtained against a member AMR&O 315A(1) requires the member to submit a statement as to the action he will take to comply with the court order.
- e. The statement when forwarded to this headquarters should contain:-
 - (1) the arrangement by which the sum is to be paid, including the amount of instalments, the regularity of the payments and whether by cheque drawn on a certain bank or by some other means of payment.
 - (2) If no court hearing was held and the debt is denied the reason why an appearance was not entered in accordance with the directions contained in the summons or writ originally served on the member.
 - (3) If no court hearing was held and the claim is denied, a statement as to whether the member will apply for leave to have the judgment set aside as soon as he returns to Australia,

RESTRICTED

4.

- f. Where no court order has been obtained a statement should be forwarded in accordance with AMR&O 315A(2) as to whether the debt is admitted, and, if so, it should contain similar information to that referred to in para 1 (e) (1) above.

2. Officers interviewing members in relation to civil debts should follow the above instructions carefully, as vague statements that the debt is admitted without any firm arrangement for payment usually result in further administrative work when no payments are made.

210. BAGGAGE RESTRICTIONS ON P&O ORIENT LINES

Reference: Force RO 49/67

1. Members wishing to return to Australia by P & O Orient Lines are subject to baggage restrictions not applied by other companies.

2. The following is an extract from the P & O information handbook:

"Baggage: Individual packages of baggage must not weigh more than 224 lbs nor measure more than 4 feet in any dimension (excluding polo mallets, fishing rods, skis, ironing boards, golf clubs or other similar light articles), and should contain only personal effects such as clothing, household linen, cutlery, kitchen utensils, sewing machines, and other similar domestic articles and tools of trade. Wireless, radiograms, television sets, record players etc measuring less than 12 cubic feet may also be shipped as baggage and included in the free allowance.

Radiograms and television sets exceeding 12 cubic feet, washing machines, cookers and domestic refrigerators may be shipped with passengers' baggage, but they are not included in the free allowance and are charged at full excess rate, payable on board to the Purser. (Excess baggage is carried at \$M3.43 per cubic foot).

We regret that, with the limited exceptions mentioned above, household effects, furniture, carpets, etc, cannot be accepted as baggage (and therefore cannot be offset against the free allowance); such items must be shipped as cargo, and freight paid thereon.

Packages intended for cabins should not exceed 3 ft. in length, 1 ft 9 ins in breadth, and 1 ft 2 ins in height. These dimensions represent approximately 6 cu ft. After embarkation you may send all cases or trunks to the ship's baggage room, where they are readily accessible during the voyage."

3. Baggage allowance for service personnel is, adults 80 cubic feet each and children 40 cubic feet each.

4. Where members have baggage the size of which precludes its inclusion as ships free allowance it will not be shipped at public expense. Members are responsible for charges raised by P&O for shipping such items. This applies even though a member is within his overall baggage entitlement.

(AAF RO 77/67)

232. TRAINING CLEARANCE - JOHORE

1. Markas Beriged Ke-Empat Infanteri, Malaysia, Fort Canning, Singapore 6 acts as the military agency, in close co-operation with the Royal Johore Police who give final clearance, in obtaining training clearance throughout Johore. Their aim is to make the most use of the State's facilities as training ground. When units' demands clash with each other or with civil requirements, such as road repair, new roads, geological surveys etc they try to suggest an alternative area or date, or liaison between interested units, formations or services.

2. In the past month the pace of training has considerably increased and it is obvious that if as many units as possible are to get the training they want without interference, there must be stricter control. Some of the difficulties experienced are:-

- a. Requests giving less than seven days notice. With delays in the post, signals systems or week-ends this has led to refusal simply because the request could not be cleared with the police, and they with JKR etc in time.
- b. Units under the same formation asking for the same area at the same time.
- c. Units asking for a large area, granted to them, and then either not using the full area or for the full times or even not intending to use it at all. In a recent case the last was not discovered until two other units had had to be refused clearance.
- d. In a few cases units:-
 - (1) Carrying out local clearance only. The OCPD will not necessarily know what is in process of being cleared by the Malaysia Mil Auth or by Johore Police.
 - (2) Going into an area without informing anyone. One battalion tried this during a Malaysian Army Brigade exercise in February.

3. In the main the system works well and liaison is good. However, with the increased amount of training in Johore unless there is a stricter control, there will inevitably be cases of units deprived of the chance to train as they hope to.

4. Sub units are to:

- a. Impose a stricter control.
- b. Give particularly early warning, preferably a month, of any exercise of battalion level, requiring a large area to be cleared and so closed to other units for some days. An outline forecast of such training covering the next few months would assist.

(BRO 77/67)

233. PROCEDURE FOR INDENTING FOR TRAINING AMMUNITION FROM 1 APR 67

Ref: 17 Div/MALAYA Distr RO 38/67

1. Where a unit has an entitlement and the ammunition is not of controlled nature. Indents (AF G8951) direct to HQ SINGAPORE/MALAYA Ammunition Inspectorate HQ FARELF.
